Letter-join in the classroom

Letter-join is an online handwriting resource for teaching printed and cursive handwriting on classroom interactive whiteboards. It includes animations, touch-screen activities, cursive and printed fonts, lesson planners and access to hundreds of practice worksheets.

Letter-join fonts for MS Word

School staff can create homework sheets, newsletters, posters and labels using Letter-join fonts in MS Word. See pages 6 and 7.

Alternative letterforms

The Letter-join cursive font includes alternative letterforms for f, k, w, x and z that are used on all resources. The printed font has alternative letterforms for f and k.

Letter-join practice worksheets

Letter-join contains worksheets and printouts in PDF format. These will use your school's preferred letterforms.

Letter-join on iPads and tablets

Letter-join access on iPads and tablets is included with school subscriptions. Letter-join's fun, touch-screen activities are compatible with most Apple, Android and Windows tablets.

Free home access for your children

Letter-join includes free access for pupils to log in to Letter-join at home on their PCs and tablets. Log-in details are sent by e-mail to schools at time of purchase.

Handwriting Lesson Planners

Lesson Planners, from Early Years through to Year 6, for teachers wishing to follow a structured handwriting teaching plan. See page 8 for details.

Switching on Contextual Alternates in Microsoft Word

Please make sure that the Letter-join fonts are installed - see page 43.

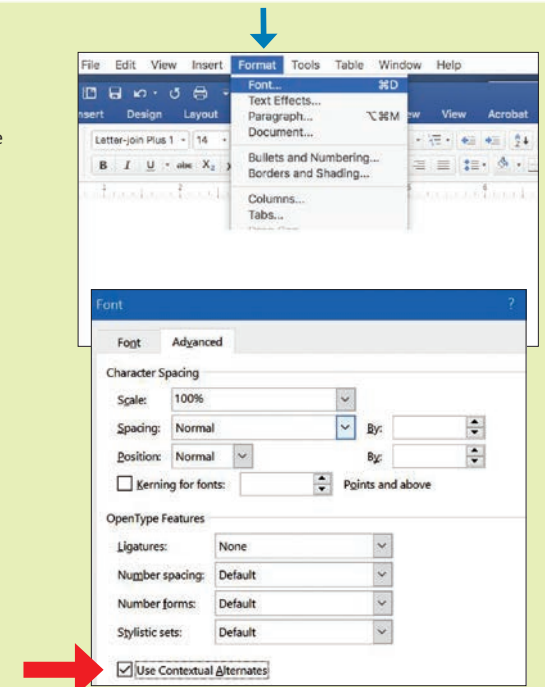

With the Letter-join fonts installed on your computer open MS Word and check that the fonts are displayed in the font list.

If the Letter-join fonts are not listed, re-start MS Word.

How to switch on Contextual Alternates:

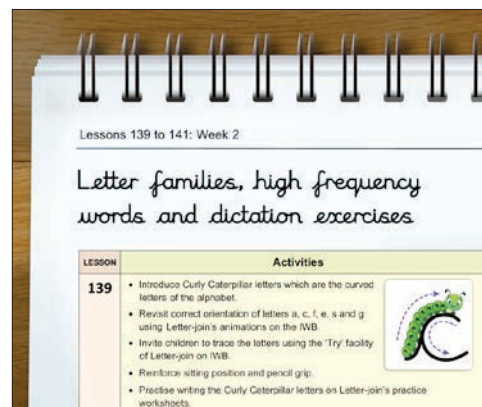

- Select text.
- Select Format > Font (or Ctrl D).
- Select the 'Advanced' tab.
- Tick the 'Use Contextual Alternates' button.

This option has to be selected every time MS Word is re-opened or alternatively a Word template can be created with Contextual Alternates already enabled.

Handwriting Lesson Planners

Letter-join Handwriting Lesson Planners can be used to teach handwriting by starting with printed or cursive letters (with or without a lead-in line) using a whole school approach.

Letter-join Handwriting Lesson Planners cover each of the key stage requirements and are written by teachers and editors with expertise in EYFS, KS1 and KS2.

They are developed in keeping with the National Curriculum and use Letter-join's resources to provide a thorough and interesting way to teach handwriting.

Lesson Planner module progression

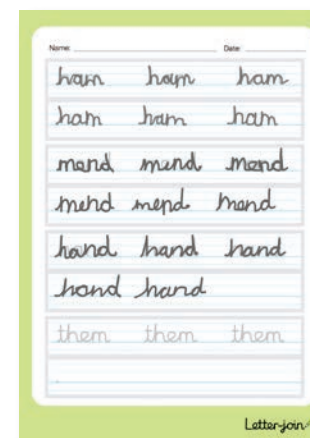

Letter-join Lesson Planners include many activities and specific worksheets and are an ideal way to work through resources.

The new 'Printed Letters supplement' can be used by schools that wish to begin teaching handwriting using printed letters.

Lesson plans progress through a series of worksheets combining handwriting practice with SATs revision topics for KS1 and KS2.

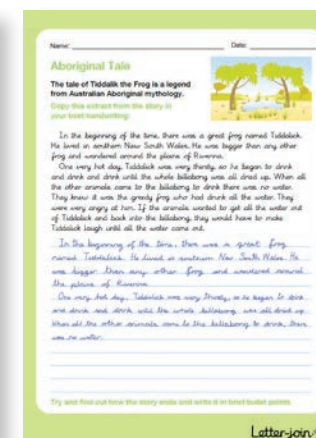

They continue through to exercises that increase speed and stamina in handwriting as well as fun items that explore handwriting creatively.

Early Years lessons cover all the lowercase letters; either cursive or printed.

Handwriting practice is combined with SPaG topics for SATs revision.

Longer passages of text and dictation exercises increase speed and stamina of handwriting.

Early Years Foundation Stage

Letter-join offers the option to start teaching handwriting using printed letters, for all resources and worksheets, before moving on to cursive handwriting.

Patterns and pre-cursive shapes can be challenging for young pupils, but Letter-join has all the resources needed to introduce joined-up handwriting strokes.

Letter-join's animations present pre-cursive patterns with fun sounds that can be copied by air-writing or by tracing on IWBs, tablets and, most importantly, by practising with a pencil on printed worksheets.

This naturally leads on to the introduction of real letters. Watching and copying the shapes of letters and the various joining techniques will enable pupils to learn to write simple words in a cursive style at this early stage.

Printed & cursive fonts

Use any Letter-join printed or cursive fonts for all resources.

Choose the font that's most appropriate for your class.

EYFS touch-screen activities

To complement Letter-join worksheets for patterns, letters and words, children can choose Letter-join's touch-screen activities to enhance writing skills.

LetterMatch

LetterMatch is an activity to teach children the names and sounds of the letters of the alphabet.

When the sounds have been learned, play a matching pairs game to reinforce the learning task.

Ideal for children to use at home on iPads and PCs for independent learning. Find LetterMatch under the 'Fun' tab.

LetterMatch

Helps teach the names and sounds of the letters of the alphabet.

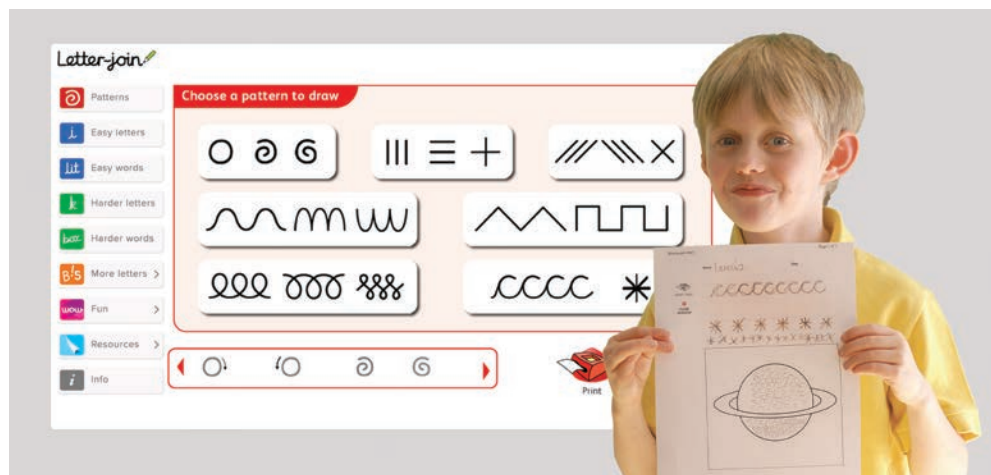

Start handwriting using printed letters

The new Letter-join Print Plus font and Early Years Printed Letters Lesson Planner, allows teachers to choose to start teaching handwriting using a printed style first.

Develop writing skills with pre-cursive patterns

Choose interactive activities and worksheets as a foundation to handwriting.

Interactive whiteboard display allows for whole class involvement.

Letter-join provides a selection of fun pre-cursive patterns for EYFS pupils that cover all handwriting movements. These encourage fine and gross motor skills as a foundation to cursive handwriting.

Letter-join's pre-cursive patterns are grouped into logical sets of similar shapes, and each pattern is animated, accompanied by exciting sounds. The patterns can be traced over on IWBs or tablets.

Presented large on the IWB, Letter-join is perfect for practising

Pre-cursive patterns cover all writing shapes.

Watch patterns, such as jellies, with fun sounds.

Fun worksheets are available as PDFs for all the pattern sets for handwriting practice using pencils and crayons.

Letters and words made simple

Watch, practise, trace and copy – the easy way to learn cursive handwriting.

Letter-join introduces animations of the letters of the alphabet in a progressive manner starting with 'long ladder letters' and building up to the more complex letter shapes.

Each letter is presented as an animation with a spoken description.

There are also opportunities to 'try' letters and words on IWBs and tablets.

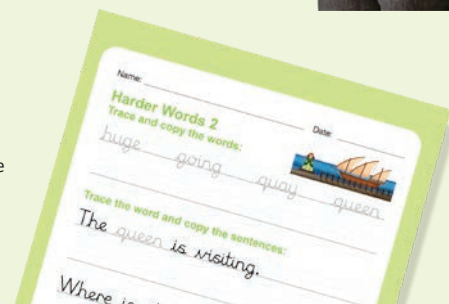

Each set of letters is followed by accompanying words illustrating the joining methods of the letters just practised.

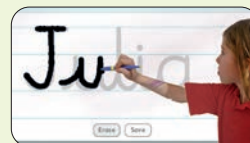

The letter and word sets can be printed in three different sizes for real handwriting practice.

Each set of words also includes a worksheet which uses each of the words in a sentence helping children to understand the word in context.

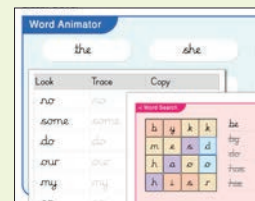

WORD ANIMATOR Create animations for any word

Use Letter-join's Word Animator to create an animation of any word. These can be saved into Word Banks for your children to use at home.

WORD BANKS Make class word banks

Word banks can be easily made into spelling lists and word searches and can be accessed by children at home.

CLASSROOM FONT OPTIONS

Change a Letter-join font, click the 'Info' button on any Letter-join page and choose 'Classroom Font Options'.

WITHOUT LEAD-IN LINE OPTION

Animations of letters and words and associated worksheets are available without lead-in lines.

Key Stage 1

Handwriting can be fun and Letter-join will help reinforce handwriting throughout KS1 with a mix of touch-screen and traditional activities.

KS1 is the time to introduce new letterforms including capital letters, numbers and punctuation. To show the correct letter construction, Letter-join includes animations for all of these, and provides ready-made worksheets for labelling and form-filling using capital and printed letters.

Key Stage 1 children should be working to produce neater handwriting with consistent spacing. Handwriting speed can be practised and developed using Letter-join's dictation exercises.

Teachers can set home learning tasks for their class, and pupils can log into Letter-join at home, on iPads and tablets, to access the tasks and use Letter-join's other fun activities. See page 42 for details.

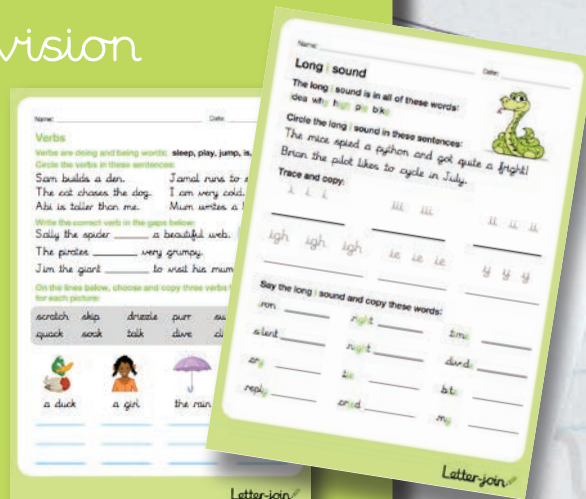

Lets try...

KS1 SPaG Revision

Letter-join offers a series of worksheets to support KS1 SATS which are not only great for improving handwriting, but are also perfect for the revision of spelling, punctuation and grammar.

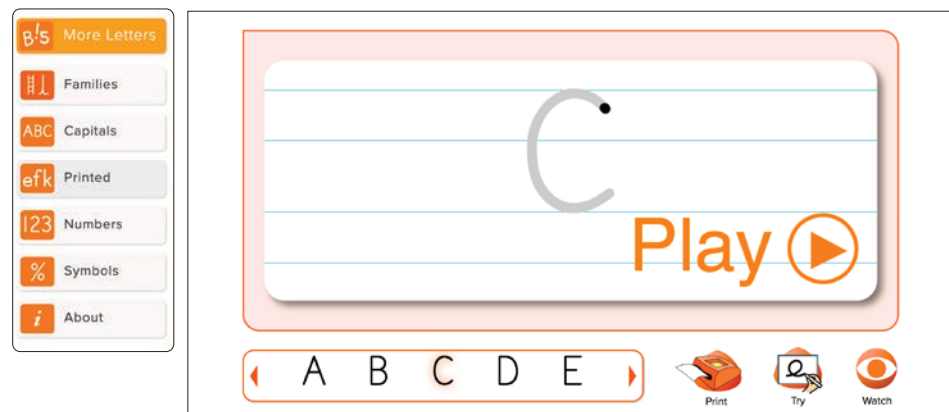

There are many fun worksheets aimed to boost your children's confidence so they are SATs ready.

Worksheets can be downloaded from Resources > Printouts > Key Stage 1 and are also used in Handwriting Lesson Planner, Module 3.

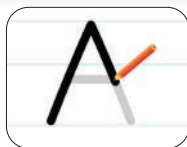

Developing pupils' handwriting skills

Try 'More Letters' for touch-screen activities and printouts for capitals, numbers and printed letters.

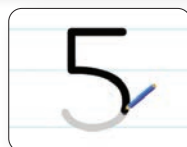

Capital letters

Letter-join's animations teach how to form capital letters correctly. To accompany teaching, there are Letter-join worksheets specifically for practising capital letters e.g. writing names, form-filling, crosswords and word searches.

Numbers and symbols

Touch-screen activities can be used for immediate practice of numbers and symbols. For real handwriting practice there is varied and interesting selection of worksheets.

Printed letters

KS1 activities for practising printed letters include labelling diagrams, writing email addresses and worksheets that include a mixture of printed and capital letters, for instance when addressing an envelope.

Address Labels

Copy the address labels:

The Prime Minister's Office,

Mr. H. Potter,

Writing digits

Count the objects and write the number in the box.

Practise number writing

Letter-join includes a full set of times tables worksheets from 2 through to 12 times tables which are great for practising number writing. They are provided in look, trace and copy format which are great for homework sheets or five-minute fillers.

Introduce form-filling

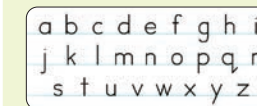

Pupils can learn how to write within the constraints of a form using printed and capital letters. Letter-join includes a selection of forms for Key Stages 1 and 2.

Reach KS1 handwriting standards

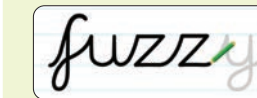

- Demonstrate the correct methods for writing upper and lower case letters with the correct joins.

- Show how to form numerals of the same size that sit on the base line.
- Teach how to write printed letters and use Letter-join's animations and worksheets to practise how they are used.

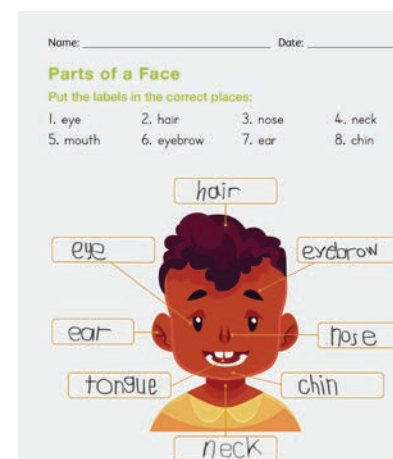

- Ensure that pupils know how much space to leave between words.
- Encourage pupils to write longer passages of text to build up endurance using the Dictation Exercises.
- Use Letter-join's worksheets to ensure that letters sit on the base line and are consistent in size with correctly formed ascenders and descenders.

Letter-join worksheets in 'Resources'

Capital letters, printed letters, numbers and symbols can be practised using real handwriting on the many worksheets provided in 'Resources'.

For the complete listing of printout sheets, Letter-join users can visit Resources > Printouts. See page 24.

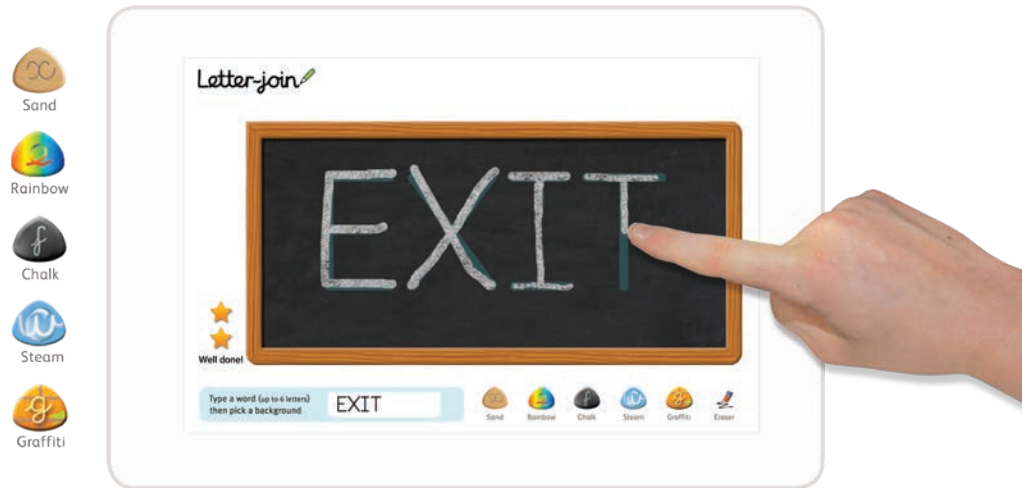

Letter-join's Magic Words – touch-screen activities

Magic Words is a great way for KS1 pupils to type in their own words and practise their handwriting using the touch-screen capabilities of iPads and

tablets. Class teachers are able to select the Letter-join font they wish their pupils to practice with. There are five exciting, colourful backgrounds

and a simple star reward function, which pupils will enjoy using on their tablets at school and at home.

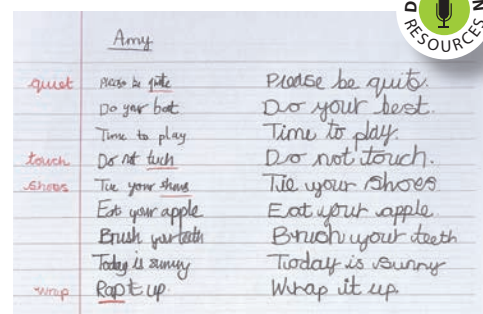

Practise speedy writing with Dictation Exercises

Letter-join's Dictation Exercises are a great way to introduce to speedy writing and help build up stamina.

Dictation Exercises help with children's listening skills and in learning how to check and edit their writing.

The dictation exercises for KS1 start with a simple spelling list, a list of 2 digit numbers and an easy poem.

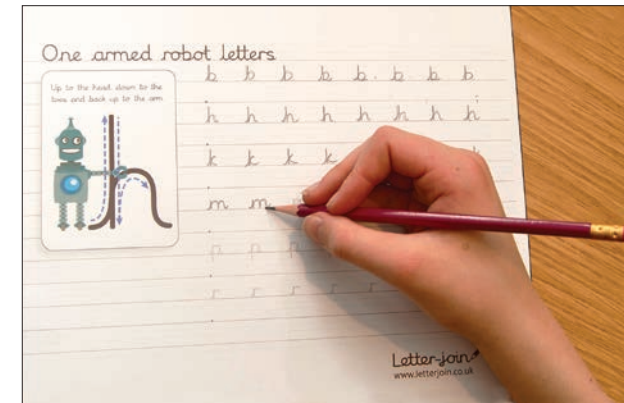

A dictation list written out as a first draft and a final copy. See page 30 for more information about Dictation Exercises.

Try Letter Families worksheets and touch-screen activity

Help pupils become familiar with similar letter shapes and become confident at writing differently formed characters.

Using the familiar format of long ladders, curly caterpillars, one-armed robots and zig-zag letters, Letter-join's Letter families worksheets can be printed out for tracing and copying.

Additionally, under the 'Fun' tab, a Letter Family touch-screen activity has been added to help reinforce the different letter families.

Handwriting worksheets

Handwriting and spelling go together and Letter-join provides many spelling worksheets for practising cursive handwriting.

These include: pangrams, high frequency words, cloze sentences, word spacing and joining techniques. See pages 26 to 28 for more worksheet examples.

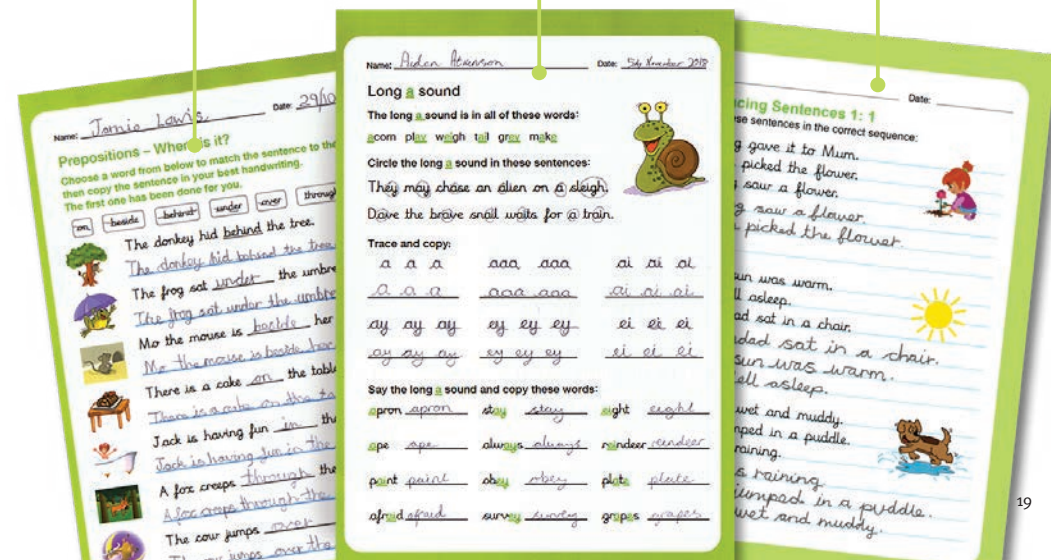

SPaG practice worksheets

There is also series of worksheets which specifically cover spelling, punctuation and grammar practice. As well as providing excellent revision and homework sheets, the printouts also enhance pupils' cursive handwriting.

Prepositions presented with colourful graphics

Spelling worksheets include all the long vowel sounds

Sequencing sentences with guidelines for handwriting practice

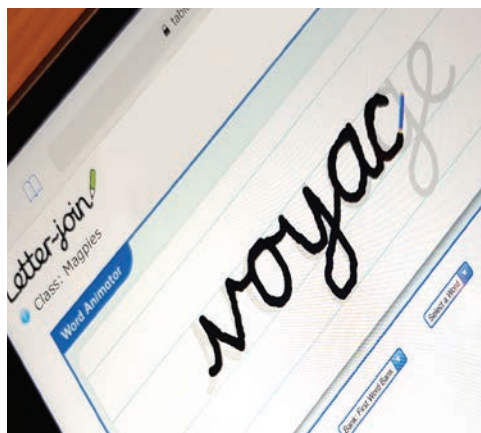

Key Stage 2

Ready for the final round of handwriting challenges? When pupils master these they'll be true handwriting champions!

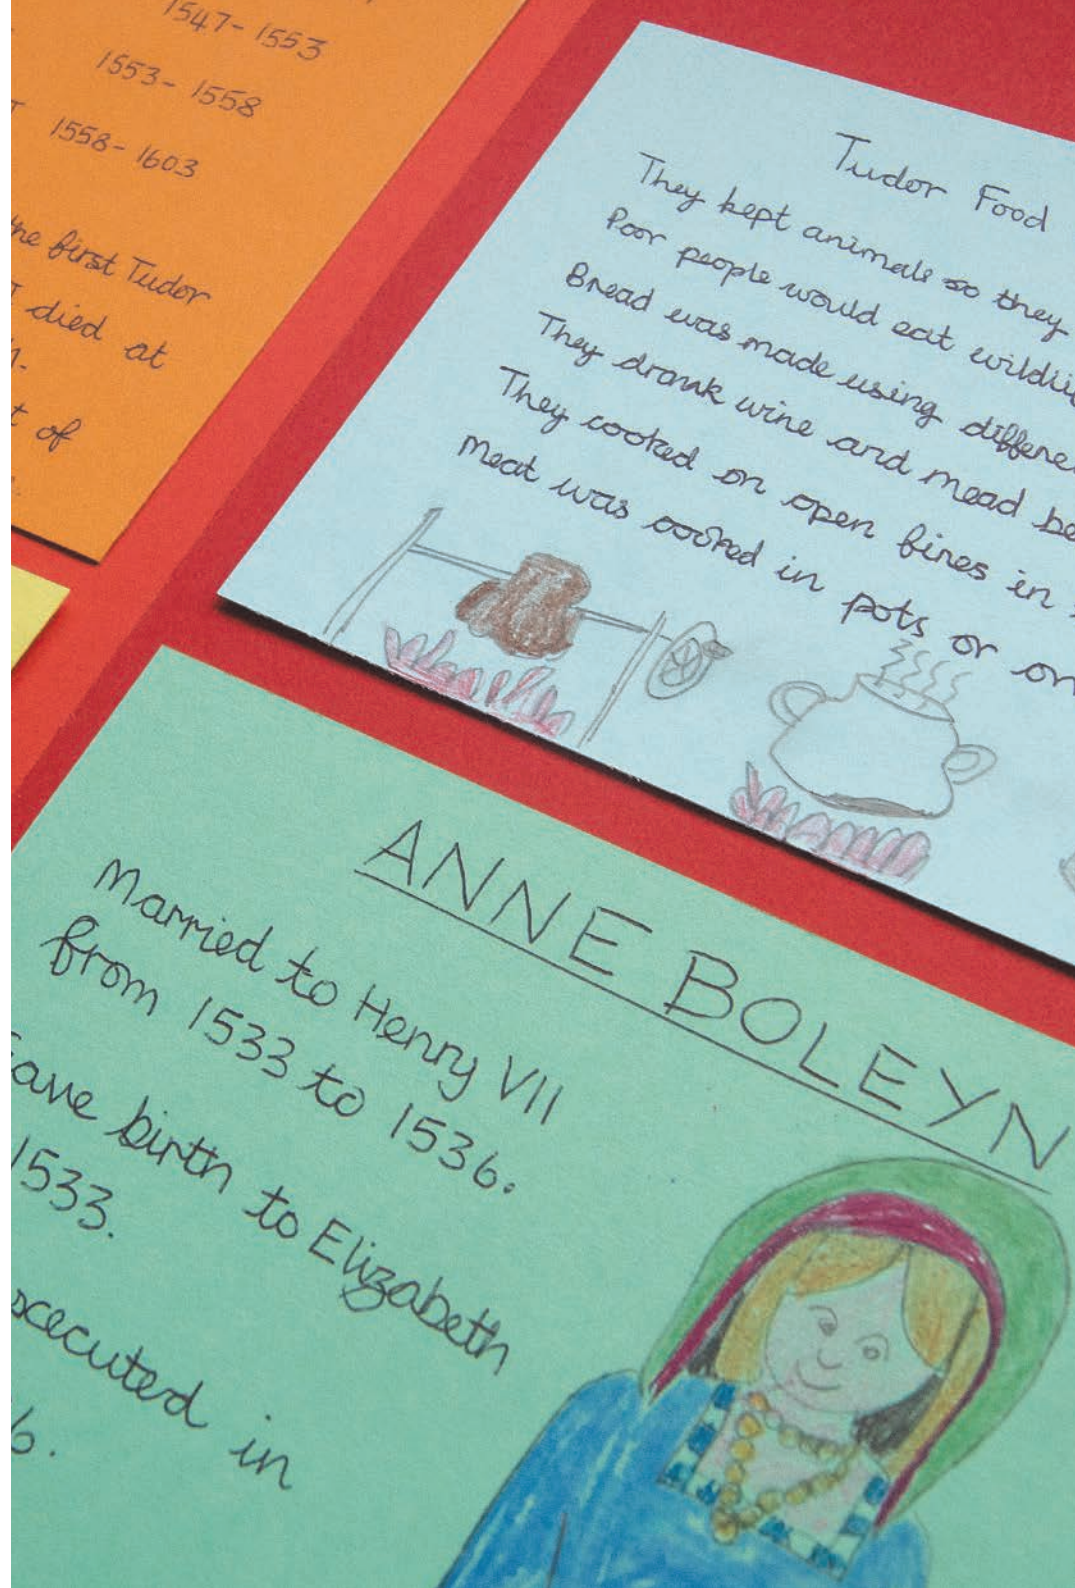

Building on KS1 skills, pupils will be writing passages of text neatly and speedily, labelling diagrams using printed letters appropriately and filling in forms using legible writing.

Letter-join's resources will help pupils acquire a feel for neatness and quality in their final handwritten work. The dictation resources will help to develop handwriting stamina when writing.

With the support of Letter-join, pupils will have covered all the criteria necessary by the end of Year 6 to reach the standards set out in the National Curriculum for handwriting.

Example of tracing topic words on a tablet using a classroom Word Bank.

Let's try...

Practise topic spellings using the Word Animator and the On-line Word Processor

Build animations of words for whiteboard and tablet practice and send to the Letter-join Word Processor to create 'look, trace and copy' spelling lists.

1

Build a bank of animated topic words for pupils to re-play and trace using the Word Animator.

2

Share classroom Word Banks with pupils to watch and practise.

3

Choose to make a spelling list or word search to extend Word Bank activities.

See page 32 for details of the On-line Word Processor and page 34 for details of the Word Animator.

Accomplishing neat handwriting

Introducing Letter-join's advanced handwriting exercises to reach KS2 National Curriculum standards.

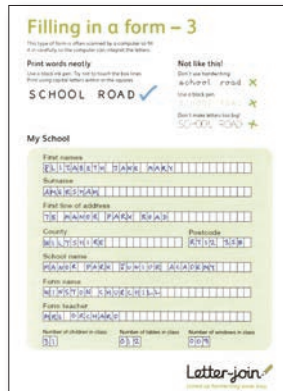

Curriculum topics

Letter-join provides opportunities to link handwriting practice to other areas of the curriculum and combines handwriting practice with other KS2 tasks such as statutory word lists.

Advanced form-filling

Promote accuracy and neatness of printed and capital letters with advanced form-filling worksheets.

Challenging dictation exercises for KS2

These exercises will help with stamina, speedy note-taking and encourage proof-checking and editing.

The National Curriculum tasks Key Stage 2 pupils to aim for quality, speed and stamina.

Letter-join's resources will help to attain these aims and provides worksheets and exercises to help improve handwriting.

The National Curriculum criteria for KS2 handwriting includes:

Quality:

Ensure that letters are of consistent size with equal word spacing and that ascenders and descenders are parallel and do not interfere with the writing on the above or below lines.

Speed:

Improve speed of handwriting to allow creative writing to take precedence over the task of handwriting and be able to take 'quick notes' at a faster pace.

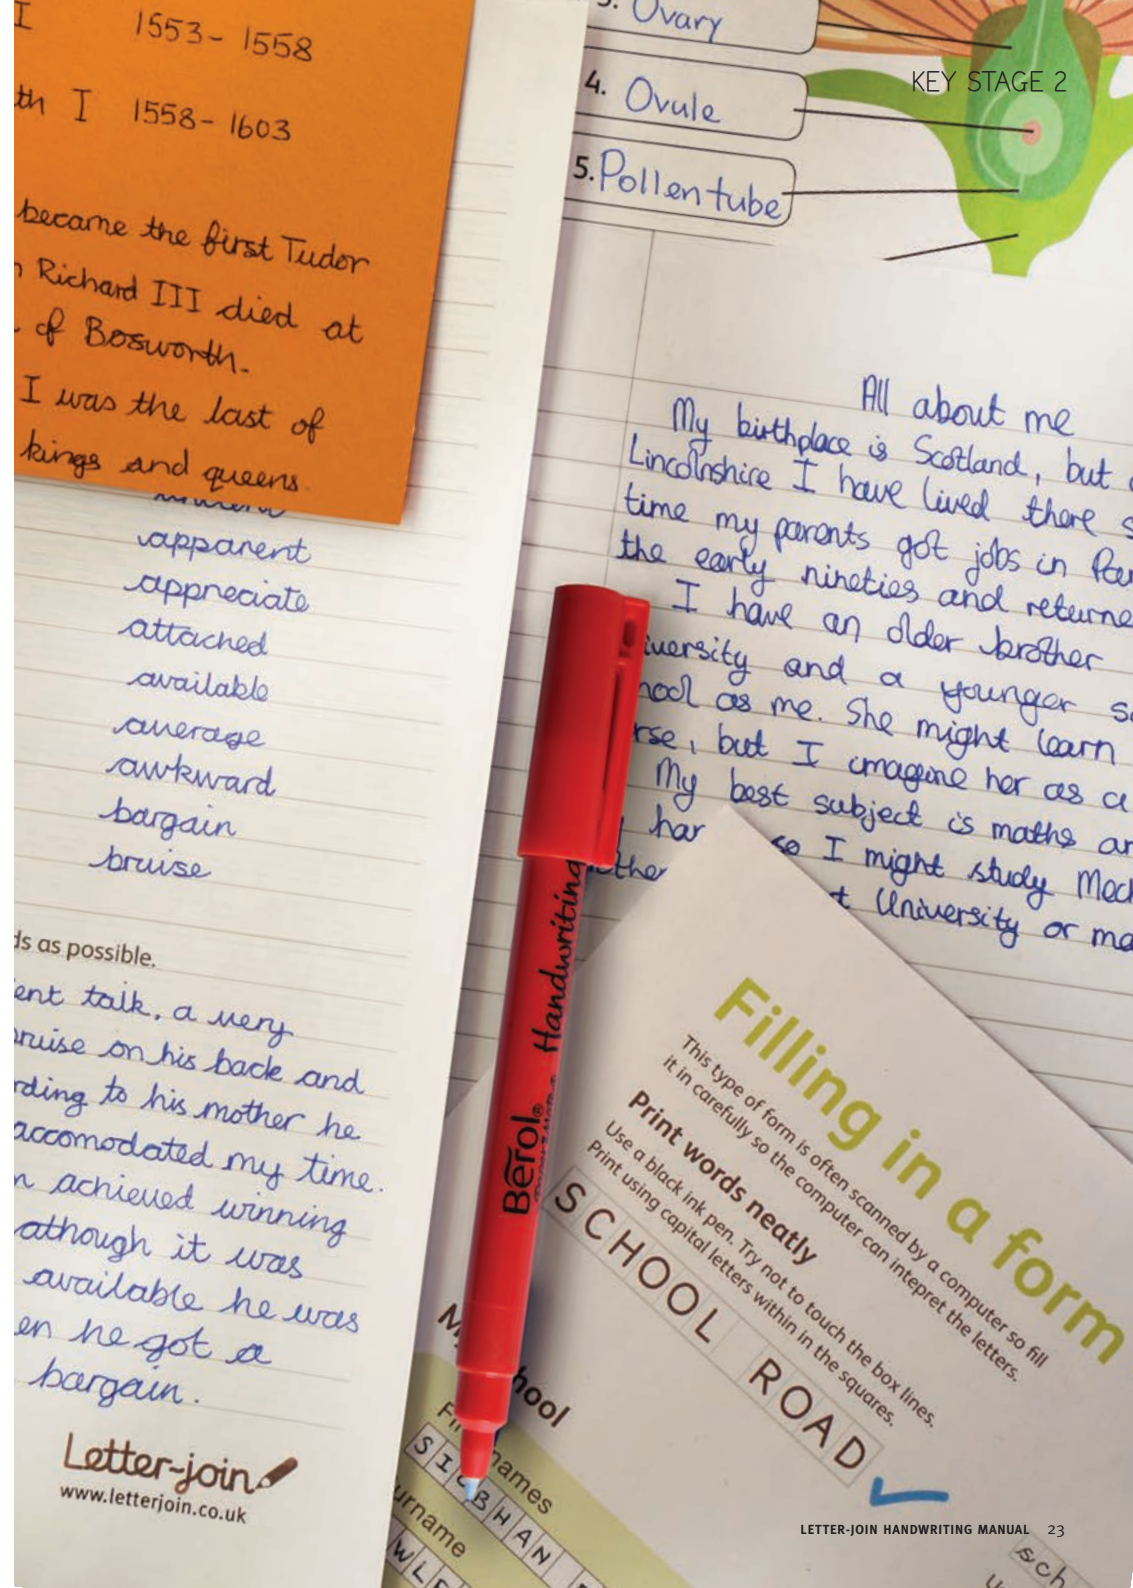

Stamina:

Have the strength and mobility to be able to write for longer periods of time without fatigue.

Pupils are expected to have full knowledge of different kinds of handwriting for different purposes Including:

- Neat, joined, cursive letters for writing passages, large amounts of text, lists and letters.
- Printed or capital letters for posters, presentations, headings, labelling and form filling.
- Speedy handwriting for note-taking and dictation where neatness is not as important and shortcuts can be used, such as '+' instead of 'and'.

Worksheets can be found in the 'Resources' section of Letter-join.

Numbers, Capitals and Printed Letters Worksheets

Labelling exercises

A selection of worksheets for practising printed letters, covering curriculum-based topics for all key stages.

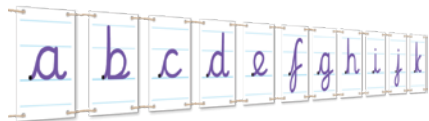

Times tables worksheets

Trace and copy worksheets for tables facts to 12 x 12.

Posters and Handouts

Alphabet banners

All the letters of the alphabet, each on an A4 sheet, to print out for displaying in the classroom or for pupils to colour in. Available as cursive, capital and printed letters.

A4 HIGHLIGHTED PAPER

Choose from 3 different line widths

Happy days are here again,
The skies above are clear again,
So let's sing a song of cheer again,
Happy days are here again.

Form-filling exercises

A simple form for early years.

A more advanced form for KS 1.

A series of form-filling exercises for all key stages to help teach the formation of printed and capital letters.

Alphabet printouts

A4 printouts for cursive, printed and capital letters which will print using your school preferred letterforms for f, k, w, x and z. These are useful for sending home so that parents know which letterforms are used at school.

Worksheet Generator

Create your own handwriting worksheets for spelling lists, sentence sheets and posters.

Each classroom account can choose any of the five Letter-join fonts to produce printouts using the Worksheet Generator.

Worksheets are created within internet browsers and your school's choices of preferred letterforms for f, k, w, x and z will be used.

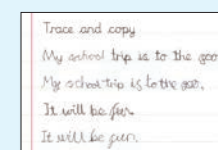

Spelling Lists

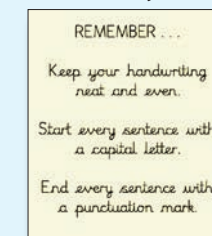

In three sizes with options to show all the guidelines or the baseline only.

Sentence Sheets

In three sizes with options to hide or show guidelines and with trace or trace and copy options.

Posters/Freestyle

In three sizes with options to show guidelines, baseline only or no lines at all, and to range text left or centred.

HINTS AND TIPS

Changing the font

You can quickly change the font via the 'Info' button and choose 'Classroom Font Options'.

The font is not joining correctly on the Worksheet Generator.

Do not use Internet Explorer for Letter-join! The Worksheet Generator will produce fonts correctly if using Google Chrome, Firefox or Safari.

PRINTING WORKSHEETS

How do I save worksheets created using the Worksheet Generator?

The Google Chrome browser has a facility to save pages as PDF files. Create your worksheet as normal using Google Chrome and select Ctrl P then change 'Destination' to 'Save as PDF'.

The worksheets are printing very faint and the guidelines are not showing.

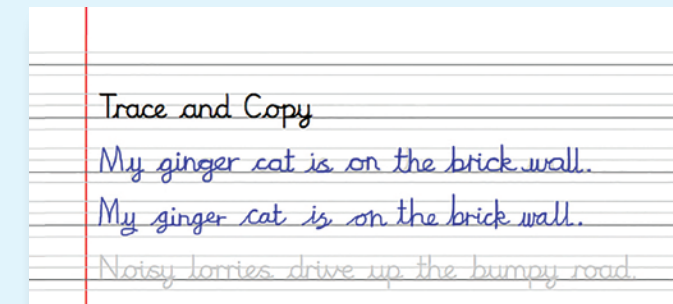

Some laser printers can struggle to print from a web page. Save the worksheet as a PDF (see above) and print from the PDF.

The tracing words are printing in black when I generate a worksheet.

If using Firefox, to print the tracing words in grey please select the 'Print Background' option from Page Setup. Firefox: File > Page Setup > tick Print Background.

The lines are over-running when I print a generated worksheet.

We recommend a maximum number of letters/words/lines for each character size on the Worksheet Generator. If exceeded text lines may over-run. Try reducing the number of words per line.

Dictation Exercises to speed up handwriting

Increase the pace of children's note-taking

Dictation Exercises

Help teach your pupils to speed up their note taking with a series of dictation exercises.

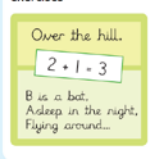

[See Notes](#) ►

Key Stage 1 Easy dictation exercises

A selection of CVC words, a list of numbers and an easy poem.

Key Stage 1 Harder dictation exercises

A list of phrases, an easy number sentence and a three-verse poem.

Key Stage 1 Sentences and paragraphs

Years 1 and 2 common exception and high frequency words.

Key Stage 2 More challenging exercises

A shopping list, complex numbers and a longer written passage.

Key Stage 2 Traditional stories and poems.

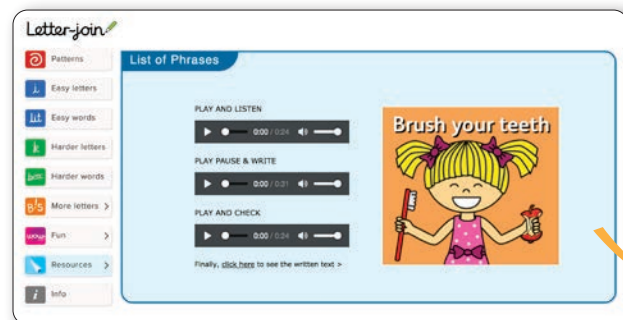

Longer passages using extracts from traditional stories and poems.

Dictation Exercises are found under the Resources tab.

Writing notes when a person is speaking can be a tricky task, but dictation is a very good exercise to build proficiency and speed in handwriting as well as supporting spelling and editing skills.

Letter-join's dictation exercises range from 'Easy' to 'Challenging' to cater for pupils in KS1 and KS2. They are simple and fun, and can be practised at school as well as at home.

'Brush your Teeth' Example

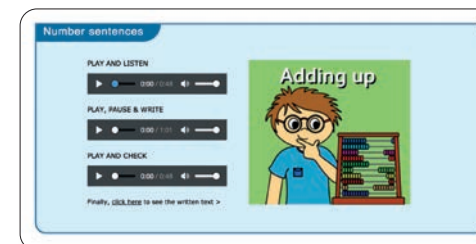

A typical Key Stage 1 Dictation Exercise using simple sentences.

Please be quiet.
Do your best.
Time to play.
Do not touch.
Tie your shoes.
Eat your apple.
Watch this space.
Brush your teeth.
Today is sunny.
Wrap it up.

Letter-join
joined-up handwriting made easy

How to use Letter-join Dictation Exercises

Example of Key Stage 1 'Number sentences' dictation exercise.

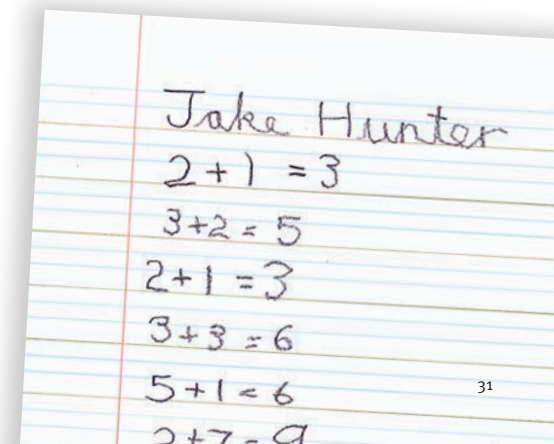

The exercises are presented as sound files which are firstly played at normal speed for pupils to become familiar with the text. The text is then played slowly for pupils to write down.

The spoken text is played back again at normal speed allowing pupils to fill in any gaps that they may have left in their written draft or to correct any errors.

The final text can then be displayed on screen or printed out so that pupils can re-write the text in their best joined-up handwriting making any corrections on the way.

You can choose to display the dictation text with or without lead-in lines.

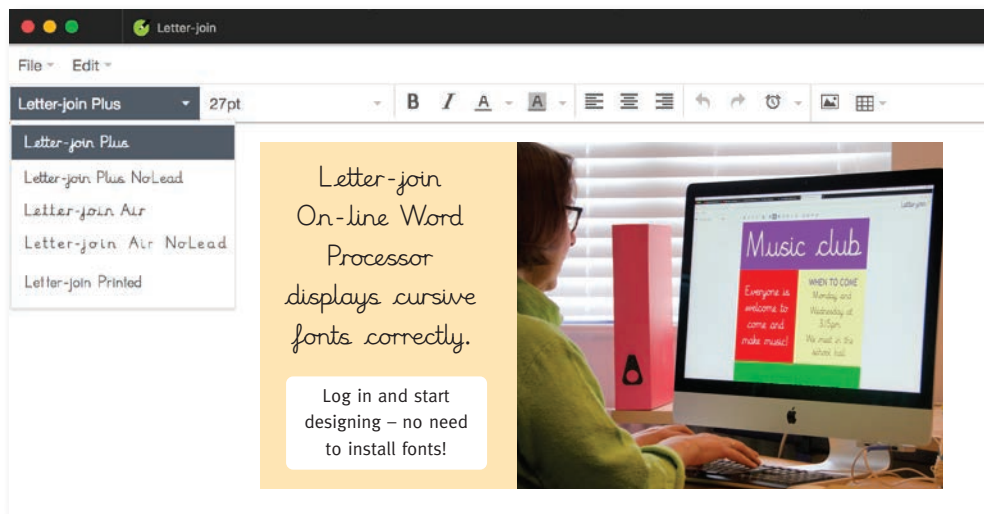

The National Curriculum states that by the end of Key Stage 2 pupils should have 'fluent, legible and eventually, speedy handwriting'.

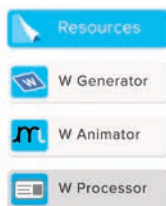

Letter-join On-line Word Processor

Create instant spelling lists, and more, on-line.

The Letter-join On-line Word Processor allows you to create and save documents using any of the Letter-join fonts with a school's pre-selected letterforms.

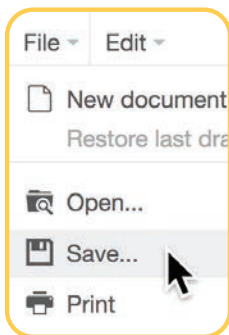

Use to create worksheets, posters and notices when using a computer that does not have the Letter-join fonts or MS Word installed.

How to use

Log in to your Letter-join classroom account, select the 'Resources' tab and choose 'W Processor'. You can either start typing to create a new document using familiar commands, or open any of the ready-to-use template files to overwrite with your own text and images.

Opening, saving and printing documents

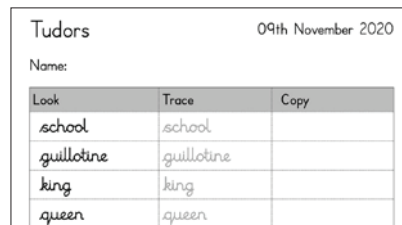

Please use the 'File' option on the menu bar WITHIN the browser window to open, save and print documents. Do NOT use Ctrl-S or File > Save etc. on your computer's menu bar. As well as each classroom's saved documents, Letter-join's templates and examples can be opened and edited.

Documents are saved for each classroom account.

When printing, ensure that 'Print background images' is selected to print worksheets correctly.

Ready-to-use Letter-join templates

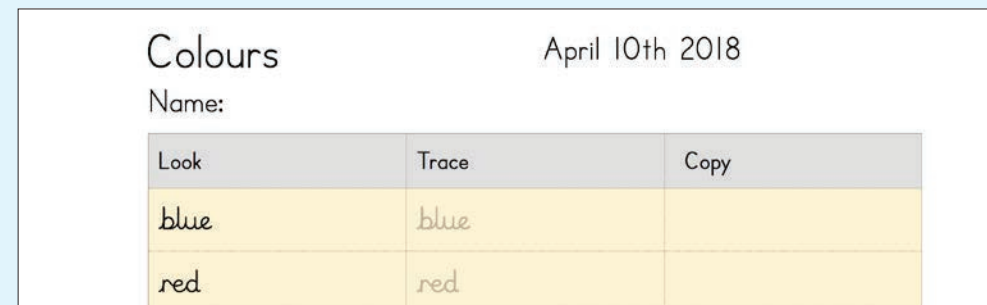

The Letter-join Word Processor includes a growing number of templates including lined and highlighted paper, Spelling List and Year 2 Common Exception words for classroom display. Staff can customise templates on-line by typing new words and choosing any Letter-join font.

'Look, trace and copy' spelling list

Instructions can be found under the Info button.

Make a spelling list with the Letter-join on-line Word Processor

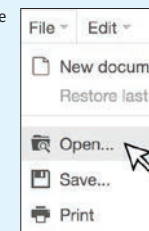

- 1 Open the Letter-join On-line Word Processor from the Resources tab.

Click 'File' from within the Word Processor window and select 'Open'.

Choose 'Look, trace and copy Spellings' from the 'Templates' section.

Other templates are available.

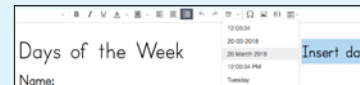

- 2

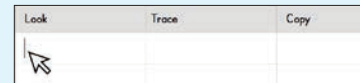

Scroll over the heading to select 'Spellings title' and overwrite the heading for your spelling list.

- 3

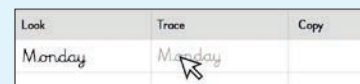

Scroll over 'Insert date' and overwrite the date or select an option from the pull-down menu.

- 4

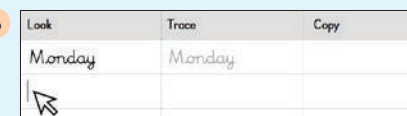

Place your cursor in the cell underneath Look, and type your first word. The 'Look' text will be black.

- 5

Now place your cursor in the cell underneath 'Trace', or use the Tab key, and type your first word again. The 'Trace' text will be grey.

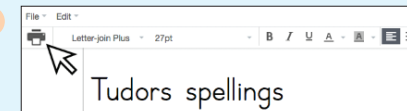

- 6

Continue until the table is complete.

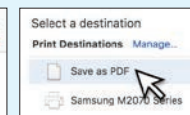

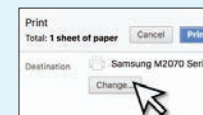

Once the list has been created, select all of the text to change it to your preferred font.

- 7

You can save your worksheet using 'Save' at the top left of the Word Processor window.

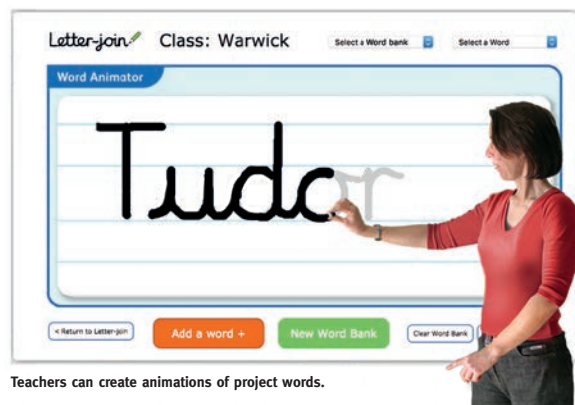

To print your spelling list use the Printer Icon at the top left of the Word Processor window.

You can print directly to your printer or you can save as a PDF by changing the destination of the printer to 'Save as PDF'.

Word Animator and Word Banks

Create animations of words for classes to save and replay.

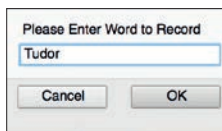

Teachers can create animations of project words.

For Teachers - how to create animations to share with pupils

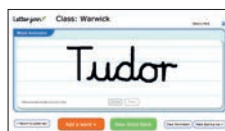

Create animations of words to save to class Word Banks

- 1 Select 'New Word Bank' or choose an existing Word Bank from the pull-down menu.

- 2 Choose 'Add a Word' and enter a word. Click 'OK'. You must write over the word to be able to save it.

- 3 Trace over the word slowly and smoothly. If necessary, you can erase and start again.

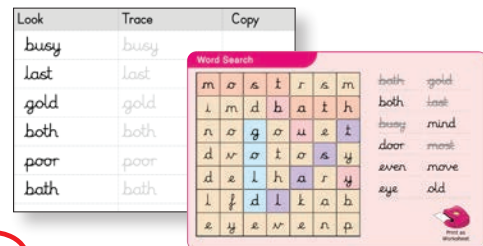

- 4 Press 'Save' to add the animated word to the Word Bank.

Using class Word Banks

- Create unlimited Word Banks, for example, of topic words, spelling lists or children's names.
- Ready to use Word Banks (including common exception words) are pre-installed.
- Children can access their classroom's Word Banks at school on a whiteboard, or at home on tablets – see opposite page.

Word Bank activities

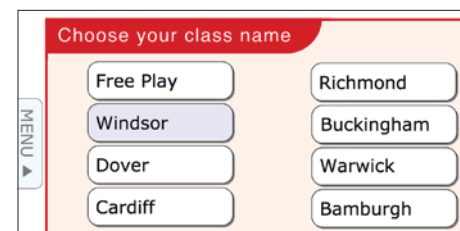

From the 'Activities' tab teachers can make spelling lists or word searches using the Word Bank words:

- Automatically produce look, trace and copy spelling lists by selecting the 'Make Spelling List' option. Change the font to the one you prefer.
- Make an online word search using the Word Bank words by selecting the Word Search option from the Activities tab. The Word Search can also be printed out.

Show Pupils how to access their classroom's Word Banks

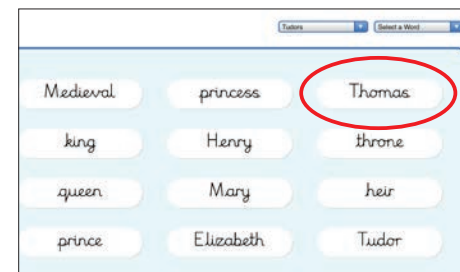

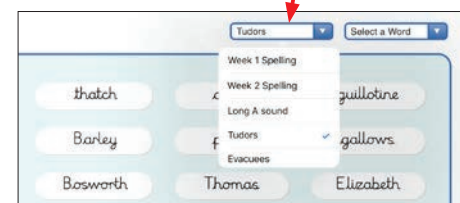

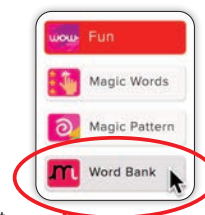

Word animations that are produced by a class teacher can be watched and practised at school and at home on IWBs, iPads and tablets.

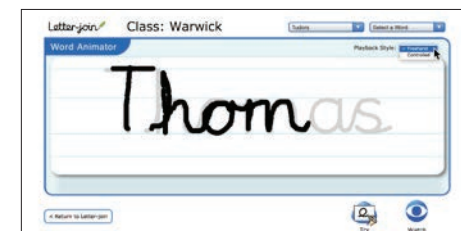

- 1 Log in to Letter-join
Use the Pupil Accounts log-in on an iPad or tablet to log in, and select the correct classroom name.

- 2 Select 'Fun'
From the Letter-join menu choose Fun and then Word Bank.

- 3 Choose
Select a Word Bank from the pull-down list.

- 4 Select a word
Select a word, either on-screen or from the pull-down menu, to watch and practise.

- 5 'Watch'
Choose 'Watch' to see the word being written on the whiteboard or tablet. Playback can be Freehand or Controlled.

- 6 'Try'
Choose 'Try' to practise writing words on a whiteboard or tablet.

Write it Right!
A fun activity that
rewards good
handwriting

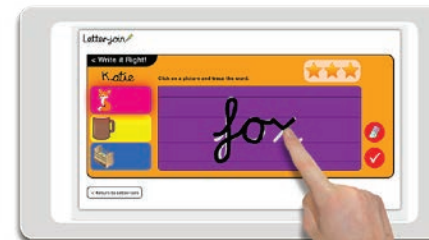

Write it Right! selects groups of pictures with words (easy, medium and hard) for children to trace. The activity has accompanying sounds and fun animations to encourage children to play and practice their letter shapes over again.

To start Write it Right!, enter a name and then neatly trace over the lettering.

Completed handwritten words are then displayed with an audible cheer.

Children choose a picture, trace over the word and are rewarded with stars.

Children can print their handwriting results or return to the activity to have another go. Write it Right! includes three levels to practice.

Word Search

Letter-join's Word Searches are designed for iPads and tablets. They are both fun and practical, reinforcing spellings and are easily printed for handwriting practice.
