Have your Say!

Dear Families,

I am asking for you to spare some time to complete two short surveys at home. The 'Family Survey' is to be completed by adults and covers a range of areas where I would love your honest and constructive feedback, including:

- What you feel we do well,
- What you feel we could do better,
- Communication across school,
- Parental engagement,

The 'pupil survey' is to be completed at home by children with support from adults.

You can complete the surveys using the links or QR codes below.

Family Survey
