

Y3 Spring Term

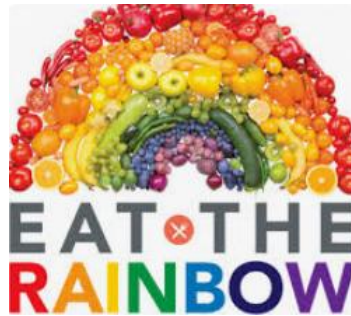

Mountains and Rivers

The following activities are optional homework activities that you could do to further your learning in school. If you complete one of them, we would love for you to share it with the rest of your class, either as a photo or by bringing the finished product in.

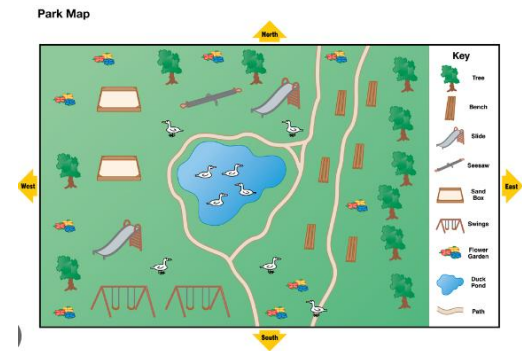

Create a fact file about Sir Edmund Hillary.

Plan and either draw or make a healthy lunch including all the food groups we need to stay healthy.

Draw a map of your bedroom, home, a park, or local area and use a key.

Design and make a poster about the different types of seed dispersal.

Kirsty Lorenz is our artist this term, she is known for her observational drawings of flowers. Can you find some flowers at home, in your garden or a park and draw them?

Find out about Ben Nevis, Mount Snowden and Scafell Pike which have the highest summits in Scotland, Wales, and England.
