

Summer
2025

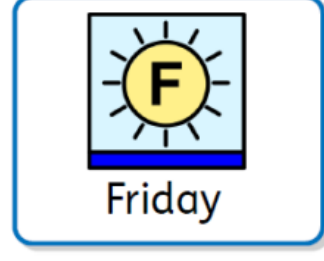

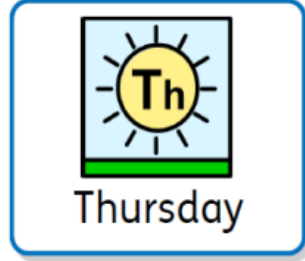

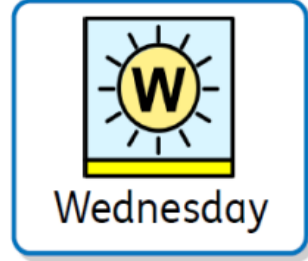

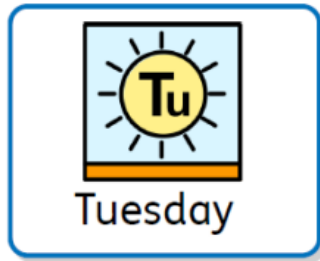

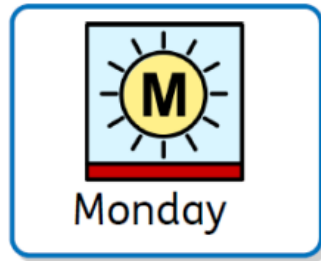

Welcome to
Willow Class

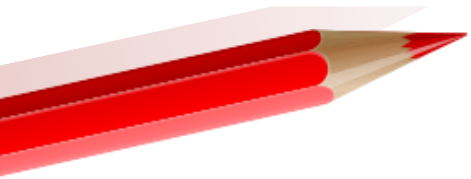

Inspiring Hearts, Shaping Minds

These are the days I will be at school

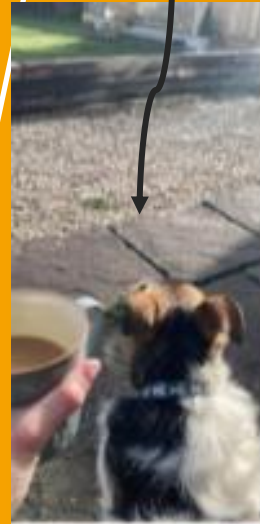

These are the days I will be at home

My new family member, Doug →

My dog, Rocky.

My twin sister, Sian.

Our class teacher!

My favourite subjects to teach are English, Science, and PE. Outside of school, I'm passionate about strength training and enjoy spending time in the countryside.

I also love being with my dog, Rocky. We'll soon be welcoming a new addition to our family, a Jack Russell named Doug!

I live with my partner, Sam. Family is incredibly important to me; I have a twin sister and one who's older. Before becoming a teacher, I coached kickboxing for many years at my family's club, so I've always been involved in working with children.

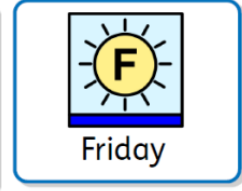

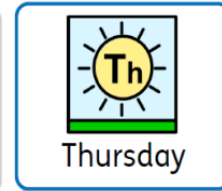

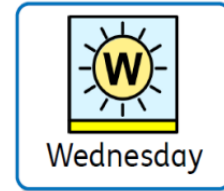

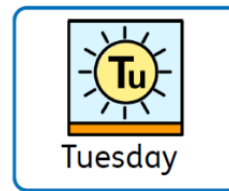

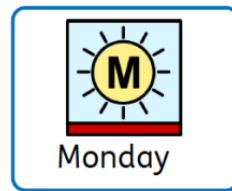

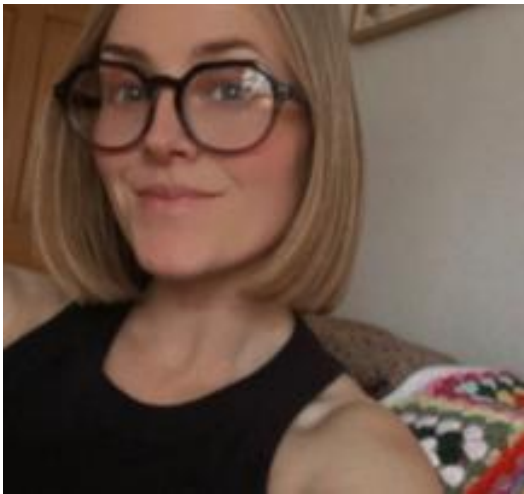

Our teacher

We are looking forward to working with you.

Miss Smedley

I will be your teacher everyday, Monday- Friday.

Other people who help us learn

We will support you to achieve great things.

Mrs Scothern

Mrs Wilson and Mrs Lilliman

Welcome

This is where we come in and out of the classroom.

Coat pegs

This is where we put our bags and our coats.

Lunch boxes

If we are having sandwiches, we put our lunchboxes here when we come into the classroom.

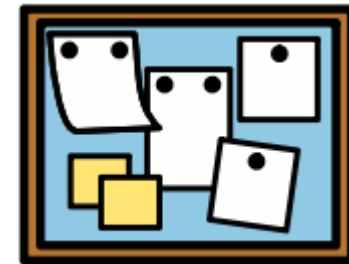

Water bottles

We put our water bottles on the trolley
If our water bottle is empty, we can fill
it up from the tap.

Working walls

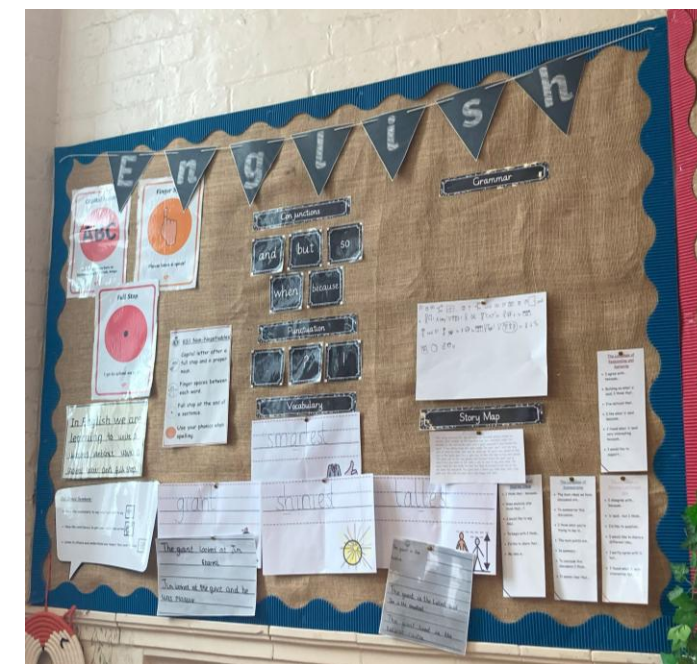

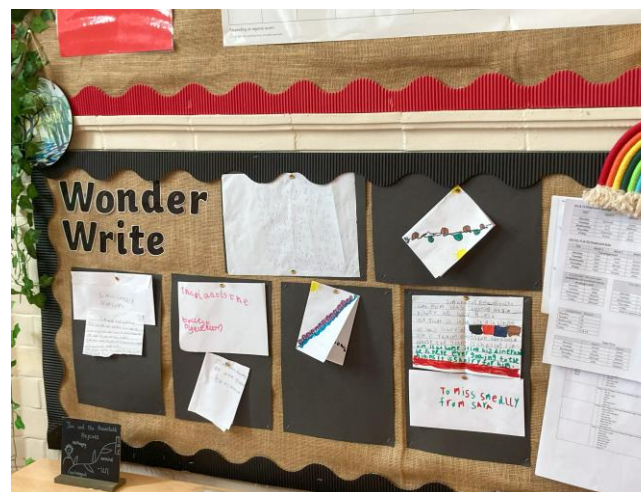

These boards help us with our maths and English work.

Maths

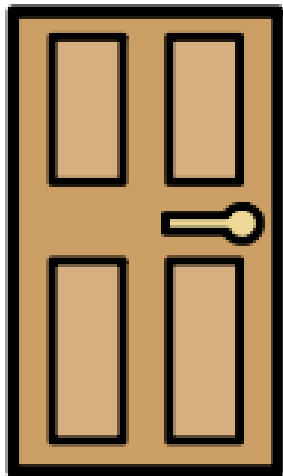

English

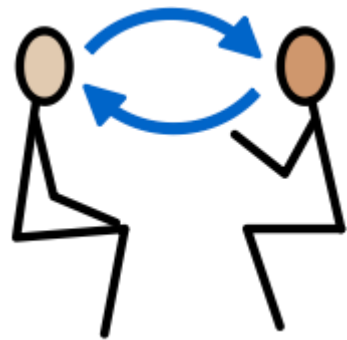

Main door

This is the main door to our classroom.

Working together

We like to discuss the work we are doing with a partner.

We are part of the
Willow class

The willow tree is flexible and adaptable.

We learn lots of new things in Willow Class! We always aim to try our best,

Continuous provision

We have different zones in our classroom

Topic

Maths

$$2+3=5$$

Continuous provision

We have different zones in our classroom

Science and Topic
